

VALENTINA BOCHARNIKOVA

Web Developer | Front-End & UX-Focused | Recent Graduate | Adaptable Learner
Vancouver, WA | +1-564-219-6984 | v_bocharnikova@icloud.com | [LinkedIn](#) | [Project Portfolio](#)

SUMMARY

Bilingual (English/Russian) web developer with an AAT in Web Development from Clark College and hands-on client experience building and maintaining business websites. Skilled in front-end and back-end development (HTML, CSS, JavaScript, PHP, SQL, WordPress) with a strong foundation in UX design, database administration, and web server technologies. Experienced in managing client communication, content strategy, and website development for local business clients.

TECHNICAL SKILLS

- Languages & Web: HTML5, CSS3, JavaScript (ES6+), PHP, SQL, C#
- Platforms & Tools: WordPress, Squarespace, Microsoft SQL Server / Database Administration, Web Server Technology (Apache/Linux basics), GitHub Pages, Figma
- Design & UX: User Experience (UX) Design, Web & Interface Design, Responsive Design, Adobe Photoshop
- Other: Web Content & Social Media Strategy, Emerging Web Technologies (incl. AI tools in development), Microsoft Word/Excel/PowerPoint

PROJECTS

Book-Reading Web App (Personal Project)

- Built a web-based e-reader integrating the epub.js library to render EPUB files directly in the browser.
- Implemented text highlighting and annotation using web-highlighter, with persistence handled via 'localStorage'.
- Debugged and refined core JavaScript logic to handle rendering, selection, and state management.

Client Business Websites (Freelance)

2023 – Present

- Designed, built, and maintained Squarespace websites for small business and restaurant clients, from initial concept through launch.
- Advised clients on Squarespace plan selection based on business needs, budget, and required features.
- Set up and managed contributor/collaborator access for client teams and configured site permissions.
- Communicated directly with clients to gather requirements, provide updates, and translate feedback into site changes, consistently meeting client timelines.

Additional Projects ([Project Portfolio](#))
